

The Water Cycle CBRT Script

By Teachers at the 2008 Missouri Literacy through the Arts Institute
Karen, Lynn, Jamie, Barry, and Stephanie

- 1 3, 2, 1... We are live... from Water Drop News. Today we will have several guests explaining the water cycle. Our first guest is...
- All Aqua Daddy! [sound effect] [gesture]**
- 2 Who's your daddy?
- All You are. [gesture]**
- 2 I would like to introduce my four darling daughters.
- 3 Hi, I'm Condensation.
- All She holds water. [gesture]**
- 4 Hi, I'm Precipitation.
- All She really gushes on a rainy day. [sound effect]**
- 5 Hi, I'm Run-off
- All We never know where she's going. [gesture]**
- 6 Hi, I'm Evaporation.
- All She's always disappearing. [gesture] [sound effect]**
- 2 Condensation, I thought you said you were going on a diet. You keep getting bigger and bigger.
- 3 But Daddy I am not eating that much, I think it is water weight gain. I feel so bloated. If I could just get rid of some of this water.
- All How you going to lose it? [gesture]**
- 3 I don't know.
- 4 I'm Precipitation and I know. Rain, hail sleet or snow. That's how you're going to lose it.
- 3 Oh, now I know.
- All We've been through rain, hail, sleet, and snow; Now sister Run-Off, where you gonna go?**
- 5 I'm on the lakes, I'm on the streams, I'm underground, I make the scenes!
- All Where you going now? [gesture]**
- 5 I could go up with the plants, or out to the sea—there are lots of choices for little old me. I think I'll choose Hawaii; I need to go for a swim.
- All [Hawaiian singing]**
- 4 Is another one of our sisters here?
- 6 Guess who! [gesture]
- 5 Condensation?
- 6 No, no, no!
- 3 Precipitation?
- 6 No, no, no!
- 2 Evaporation?
- 6 Yes it is me—Evaporation!
- All Hey-ey! [gesture]**
- 2 We should have known it was you when we couldn't see you.
- 5 Hawaii's been fun, but I can't stay. The sun and the heat make it hard to play.
- 5&6 Time to go see Sister Condensation.
- 1 Well Aqua Daddy, that's quite a family you have there.
- 2 I never know where they are. They all move around from near to far.
- 1 There you have it folks. You have heard from the water cycle family—
- 2 Aqua Daddy and his lovely daughters—
- All Condensation, Precipitation, Run-off, and Evaporation! [gesture]**
- 1 This has been Water Drop News. Have a wonderful evening.
